Ward Off Climate Change

Launch of Eco-Change on Wake-up WA

Sarah Bishop and I are working together again. This time we are collaborating on a brand new weekly segment on Wake-up WA called Eco-change.

The segment went to air for the first time last Tuesday and airs every Tuesday at 7:15am on Channel 31.

Eco-change is about guiding viewers in how to make eco-friendly changes to their lifestyles.

No Silver Bullet to Reducing Your Footprint

I did some research the other day which turned up some surprising results.

I had thought that electricity was the biggest single source of CO2 emissions for most households, meaning that working on ways to reduce your electricity consumption would have a big impact on your emissions.

While electricity is an important source of emissions, it would be a mistake to focus on this alone.

Climate Change Survey

The Department of Environment and Conservation is proposing to coordinate a 2-3 month long community wide climate change initiative in late 2008 that aims to reduce household climate change emissions across the community.

To help get as many West Australians opinions as possible the department would appreciate your input into their second community survey that aims to find out what actions you are most likely to adopt in your household and how they can assist you in adopting them.

The survey should only require 6 minutes of your time and is located at

Recycle your Compact Fluorescent Light Globes

While Compact Fluorescent Lights are much more energy efficient than standard incandescent lights, they do have one major disadvantage—they contain mercury and should not be broken in any circumstances.

Volume 1, Issue 2

Harvest Festival

The Bickley Carmel Harvest Festival is being held on the weekend of May 3 and 4.

I am helping FOTE organize a sustainability fair at the Carmel Adventist College on the Sunday.

There will be talks, displays and stalls on the following:

- Composting;
- Beekeeping;
- Permaculture;
- Backyard Aquaponics;
- Buying Local;
- Nature Reserves and Parks Group;
- LETS (Local Exchange Trading System);
- Orange Valley Nursery;
- And Much More!!

The Open Day will run from 10:00am to 3:00pm.

Toni and I hope to see you there!!
